

Dear Parent,

Our students, educational programs, school events and community-oriented activities are sometimes made the subject of recording by videotape, audiotape, photography, and the like for use in Angelo Catholic School's printed materials as well as public media. In addition our students' work is sometimes published in print and/or the electronic media. Throughout the time your son or daughter attends Angelo Catholic School, he/she may be recorded, interviewed, and/or photographed by faculty, staff, newspapers or television stations. Students' work and photographs may also be published in print media and/or electronically on places such as the school's World Wide Web site; however, we will not provide names or other identifying information on our website. The school will allow students to be recorded, interviewed, and/or photographed and students' work to be published only for legitimate public purposes or Angelo Catholic School promotional materials. We will permit this to occur unless you, as Parent/Guardian, indicate below that you would prefer that we not do so. Please indicate your desire at the bottom of this sheet. It will be placed in your child's file and your wishes will be honored. This signed permission or objection will stay on file until your child leaves Angelo Catholic School or unless you request a change in status. If you have any questions or concerns regarding this letter, please contact me.

In Christ and Mary,

Lucy Thomas

_____ I grant permission for my child _____ to be photographed and/or recorded while at Angelo Catholic School. In addition, any works created by my child can also be used for legitimate public purposes. I understand that no identifying information will be included on material placed on the school website.

_____ I do NOT grant permission for my child _____ to be photographed and/or recorded while at Angelo Catholic School. In addition, any works created by my child should NOT be used for any public purpose.

Signature of Parent/Guardian
